RESEARCH COMMITTEE

2022-2023

Research and Development Committee of the college was established in 2017-18 with the purpose of empowering research level in the college. The main objectives and functions of a Research and Development Committee are as follows:

Objectives:

1. To review researchers' research proposals and hypotheses.
2. To monitor researchers' progress throughout their projects.
3. To assess the outcomes and conclusions drawn from researchers' work.
4. To ensure ethical principles are integrated into the research study.
5. To offer assistance and resources to improve research quality.
6. To share research findings to uphold their significance and applicability.

Overall, the main objective of a Research and Development Committee is to provide guidance, support, and feedback to researchers throughout the research process to ensure that the research project is of high quality and has a significant impact.

Functions:

1. The Committee reviews research proposals and provides feedback on their feasibility, relevance, and methodology.
2. The Committee monitors the progress of the research project and provides feedback on any issues or challenges that arise.
3. The Committee evaluates the findings of the research project and provides feedback on their significance and implications.
4. The Committee ensures that ethical considerations are taken into account in the research project, including issues such as informed consent and protection of human subjects.
5. The Committee provides support and resources to researchers, including access to equipment, funding opportunities, and other resources.
